

Your friend(B)'s birthday is coming soon, and you(A) would like to invite him/her to dinner.

A:

1. figure out his/her: age, the date of birthday
2. raise the invitation for a meal
3. ask the cuisine preference
4. suggest a time to meet
5. if your friend has something to do at the time you suggest, find another time.

B: You are very busy, so you reject the time A suggest and give the reasons. Don't agree until the third suggestion.
